

Think of Last Summer--

You can remember days when the heat inside your kitchen was so great you could hardly bear it. With the right stove you would have made a better hostess. Save your health. Don't put up with the drudgery of a coal range. You can have a clean, cool, pleasant kitchen. The

New Perfection WICK BLUE FLAME Oil Cook-stove

does away with all drudgery of cooking. Why should you be a slave to a coal range when you can have an Oil Cook-Stove that is cheaper than coal, cleaner than coal, doesn't "smell," doesn't smoke, lights instantly, can be put out instantly, leaves no ashes, and doesn't heat the kitchen. With one of these stoves you can boil, bake or roast the most elaborate dinner. You can change from a slow to a quick fire, or the other way about, by simply turning a wick. Apply a match, and instantly the heat from an intense blue flame shoots upward through the turquoise-blue enamel chimneys to the bottom of pot, kettle or oven—but nowhere else. The stove has every convenience that can be thought of: Cabinet Top with shelf for keeping food and dishes hot, drop shelves to hold coffee or tea, towel rack; in fact every convenience possible.

The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive.

Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

VOTE LATE POSTAL BANK BILL

Bill Discussed in the Senate and Then Put Over Until Monday.

Washington, June 18.—Senator Carter's ambition to obtain a vote today on a motion to concur in the House amendments to the postal savings bank bill failed of realization, due to the difficulty of keeping senators in the chamber owing to the oppressive heat. The bill was under discussion for a little more than two hours and then went over until Monday, when it was hoped a vote would be reached.

Senator Carter's concurrence motion was discussed by its author and by Senator Smith of South Carolina, who opposed it. In connection with his speech, Mr. Smith discussed the indictment of a number of cotton brokers on the charge of entering into a conspiracy to raise the price of cotton. Finding in the House postal bill provision for the establishment of a government banking system, he charged that the government was preparing to enter upon a general system of interfering with business. The New York indictments were a specimen of such interference, he said.

Referring to the charges that the brokers had cornered the visible supply of cotton, the South Carolina senator vehemently declared that "never was a more barefaced falsehood or a greater fraud perpetrated than in this indictment."

He repeated his previous charges that the law had been invoked to put down the price of cotton in the interest of foreign speculators, and said that he had been informed that the attorney general had been at one time a partner of the attorney for the cotton exchange.

NO ACTION THIS SESSION

Aspirants for Panama Canal Celebration Honors Will Have to Wait for Final Decision.

Washington, June 18.—The cities of San Francisco and New Orleans, which have been engaged in a spirited contest before Congress for the honor of holding the international celebration of the opening of the Panama canal in 1915, are doomed to disappointment as far as legislation at this session is concerned. At least that is the almost unanimous opinion of those who have knowledge of the subject.

The southern members of the foreign affairs committee, particularly Representative Garner of Texas, are opposed to the passage in the House of the resolution favoring New Orleans. The committee on Thursday, inviting foreign countries to participate in such an exposition whenever cities competing for the honor have raised \$750,000 for the purpose of holding a fair.

Mr. Garner is a supporter of New Orleans and wants the matter to go over until next session.

Mr. Garner announced today that he would refuse unanimous consent for the consideration of the resolution in the House and would also be able to prevent any attempt to bring it up by a two-thirds vote, required under the rules.

The only way the matter can be considered is by a special rule, which is improbable, and even if this were done, Mr. Garner says the Senate would not act upon the resolution.

FOUGHT DUEL IN PULPIT

Two Baptist Preachers in Dandy Combat During Revival Meeting at Williamsburg, Kentucky.

Lexington, Ky., June 18.—A special from Williamsburg, Ky., says Rev. Robert Vanover and Rev. Isaac Perry, mountain preachers who had been holding revival meetings, fought a duel with knives in the Rock Creek Baptist church, Whitley county, yesterday. Vanover's throat was cut from ear to ear. He died in a short time. Perry and his brother, Blaine, are in jail at Williamsburg.

It is said that Perry ran at Vanover while he was in the pulpit. The two men clinched and were struggling when Perry drew a knife. At this juncture, Blaine Perry seized Vanover, it is said, and held him while his brother pulled his knife across Vanover's throat.

The church was crowded and panic ensued. The duel occurred during the hearing of serious charges made against Vanover, who was one of the most widely known mountain preachers in the state.

INVESTIGATION ORDERED

Senate Committee on Privileges and Elections to Look Into Charges Against Lorimer.

Washington, June 18.—Charges that bribery of members of the Illinois legislature figured in the election of William Lorimer to the United States Senate will be investigated by the senate committee on privileges and elections.

A decision to that effect was reached by the committee today, and Chairman Burrows reported a resolution instructing the committee to proceed to conduct the inquiry during the vacation of Congress. It is the understanding that a report will be made at the beginning of the next session of Congress in December.

FIGHTING THE PACKERS.

Attorney General of Missouri Seeks to Oust Five Big Concerns.

Jefferson City, Mo., June 18.—Two petitions seeking to oust five meat packing companies from Missouri will be filed in the supreme court by Attorney General Major Monday. The Armour Packing company, Swift & Co. and Morris & Co. will be charged with violating the anti-trust law and conspiracy. The Hammond Packing company and the St. Louis Dressed Beef & Provision company will be charged with seeking to control the business in Missouri as subsidiary companies of the National Packing company.

'JOLLY WIDOW' GETS VOTE OF APPROVAL

Musical Comedy Which Opens the Refitted Daniels Theatre Makes Decided Hit.

Musical comedy in tabloid form will be the summer attraction at the Daniels theatre, which opened last night with "The Jolly Widow." It was given by the Allen Curtis company in a manner that would do credit to many higher-priced productions. At the first performance the house was fairly well filled, and later a large crowd gathered, attracted by the announcement of a company of good players, and that musical comedy would be the bill. The improvements in ventilation, lighting and decorations in the theatre make the place a pleasant one to visit on a hot summer's night, and the entertainment, as stated on the program, consisted of fun, music and pretty girls, with no plot to worry about. These promises were well kept, and the first performance passed off creditably.

Mabelle Baker, who played the role of the Jolly Widow, is unmistakably the star of the cast. She is a graceful woman, experienced in her work, and she sings and acts in an attractive way. Lillian Sutherland, the soprano, put plenty of dash and vigor into her work, and her song, "Heinze," was one of the hits of the evening. The comedy men, Henry Auerbach and Charles Kelly, worked hard at their part, and succeeded in amusing the audience with some novelties in jokes and songs. Harry Ford had a small part and one song, "Meet Me on the Board Walk, Dearie," which went particularly well. These players, with a chorus of ten young women, made up a company that could not be excelled in stock at the price.

The little comedy is a travesty on

penable to builders, contractors, painters, carpet layers, etc. Sold for \$2 by the NEWMAN IMP. & MFG. CO., 50 Clifford street, Providence, R. I. Agent wanted.

THERE IS NO GUESSWORK
IN THE PRODUCTION OF

Fisher BEER

"The Merry Widow," and it has some of the spirit of gaiety that marks the more elaborate production. The nonsense of the comedians is a story in itself. The count and the millionaire are in love with the widow, and their efforts to get a few minutes alone with her make one of the funniest episodes of the play. The songs and dances are introduced in a clever way, and no pains seem to have been spared to make the performance attractive. If this play is an indication of the musical shows that will be offered at the Daniels, there is promise of good entertainment there this summer.

HIT BY CONDUCTOR WHEN CAR DIDN'T STOP

Sidney R. Lambourn, 334 Seventh East street, a florist, reported to the police last night that a conductor on a Fourth South street car assaulted him after he had called his attention to the fact that he had failed to stop the car at a crossing nearest his home. He says that he rang to have the car stopped repeatedly, and when he finally asked the conductor why he did not stop, the latter struck him. Lambourn was unable to learn the name of the conductor. The case is being investigated by F. E. Hansen, claim agent of the Utah Light & Railway company.

TRUNK MURDER MYSTERY.

New York, June 18.—A new murder mystery developed today with the finding of the body of Moses Sachs, a missing jewelry salesman, packed in a trunk in the hallway of a house at 51 Goerck street. The police received a report that Sachs left home yesterday afternoon with \$2,000 worth of jewelry in his possession.

Lives there a woman with a soul so dead, Who does not want nice hair on her head?

Certainly not! Every woman admires beautiful hair and wants it. Every woman can have nice hair. Not the kind that may be purchased at the store, but real live hair growing on her own head. There is nothing quite as handsome as a nice head of natural, fluffy hair.

NEWBRO'S HERPICIDE MAKES THAT KIND OF HAIR.

It is no trouble to have nice hair. If not interfered with, the hair will grow long and luxuriantly. The most destructive and most prevalent form of hair trouble is dandruff.

Herpicide kills the germ which causes this annoying accumulation, keeps the scalp clean and prevents the hair from falling out. This allows the follicles not already atrophied to spring into life, shooting forth from the tiny bulb new healthy hair.

The effect of Newbro's Herpicide is truly marvelous. The terrible itching which characterizes dandruff stops almost with the

first application. The hair takes on a shine and lustre, beautiful to look at and indicative of a clean healthy scalp.

This preparation is now recognized as the standard and original remedy which kills the dandruff germ and makes all hair beautiful.

Send 10c in postage to The Herpicide Co., Dept. 2B, Detroit, Mich., for a nice sample and booklet telling how everyone may have good hair.

Herpicide is sold and guaranteed by all druggists. Applications obtained at good barber shops and hair dressing parlors.
